PROTECTOR CASES

For more than 50 years, Peli Protector™ Cases have set the benchmark for safeguarding mission-critical equipment.

Now, that trusted protection is built on an even stronger foundation. Made with the new HPXp polymer formulation, the Next Generation Protector™ Case delivers higher impact resistance without adding weight, together with enhanced dimensional stability and improved UV performance.

The result is a stronger Protector™ Case, engineered to withstand the toughest conditions for even longer while maintaining the legendary waterproof, crushproof and dustproof protection professionals trust.

- HIGHER IMPACT RESISTANCE
- ENHANCED DIMENSIONAL STABILITY
- IMPROVED UV PERFORMANCE
- NO ADDED WEIGHT

PROTECTOR CASES

LIFETIME GUARANTEE*

STRONGER BY DESIGN

The Peli Protector Case™ uses an open cell core and solid wall construction, which is actually stronger and lighter than a solid core wall. Stainless steel pins are used for hinges and handles.

DOUBLE-THROW LATCHES

The Double-Throw latches are smarter and easier to open: it's the classic 'C' clamp design with a secondary movement that works like a pry bar to start the release and offers plenty of leverage to open with a light pull. A selection of cases (1400, 1510, 1560, 1650) are available with both latch options.

PUSH BUTTON LATCH MODELS AVAILABLE

Selected popular Protector case sizes (1400, 1510, 1560, 1650) are also available with push button latches, offering a wider choice of closure options to suit different applications and preferences.

EASY RIDING

Stainless steel ball bearing wheels (on selected cases) last longer and ride smoother. The nylon hub adjacent to the stainless steel resists heat. Result: less wear and tear on the polyurethane tire.

REINFORCED PADLOCK PROTECTORS

Stainless steel reinforced padlock protectors provide added strength and extra security against cutting and theft.

WATERTIGHT

The secret is the tongue and groove fit with a polymer o-ring which creates a watertight seal that gives each case its IP67 waterproof rating. Made from neoprene, these gaskets fit securely into a groove in the case lid, ensuring a tight seal when latched.

COOL UNDER PRESSURE

The Automatic Pressure Equalisation Valve releases built-up air pressure while keeping water molecules out, resulting in a watertight case that is even easier to open.

* Lifetime guarantee not applicable where prohibited by law.

CASE CONTENTS NOT INCLUDED

SMALL CASES

Lightweight, but extremely strong; compact, yet fully capable. Perfect for valuable gear like hand tools and small to medium electronic components, hand held GPS systems, and DSLR cameras. All small cases are available empty or with pre-scored Pick N Pluck™ foam.

Due to the new HPX™ polymer formulation and associated manufacturing parameters, Next-Generation Protector™ Cases may exhibit minor dimensional differences, as well as slight variations in colour and surface appearance. Such variations do not affect the protective performance, durability or normal use of the case. In addition, dimensions may differ slightly between equivalent cases manufactured in Germany and the US. Please review the case dimensions carefully before initiating any project.

ICONOGRAPHY

PROTECTOR

IP67 WATERTIGHT
Dustproof and waterproof up to depths of 1 meter for thirty minutes.

PANEL FRAME
This case can be adapted for use with an electronic interface panel.

WHEELED CASE
Quiet rolling stainless-steel bearing wheels.

PRESS & PULL LATCHES
The Press & Pull latch is a unique latch that locks automatically, but opens with a light touch.

*These colours are available upon minimum quantities, as well as other configurations. Check with your Customer Service representative for further details.

CASE CONTENTS NOT INCLUDED

LARGE CASES

Designed for extreme protection during transport and storage. Customisable interiors allow for extra protection and inventory control. Selected models feature retractable handles, extra wide grips and sturdy casters for efficient mobility.

Due to the new HPX™ polymer formulation and associated manufacturing parameters, Next-Generation Protector™ Cases may exhibit minor dimensional differences, as well as slight variations in colour and surface appearance. Such variations do not affect the protective performance, durability or normal use of the case. In addition, dimensions may differ slightly between equivalent cases manufactured in Germany and the US. Please review the case dimensions carefully before initiating any project.

BASE PROTECTION

ACCESSORIES

Photo by Bartek Kolaczkwoski

PICK N PLUCK™ FOAM

An easy, do-it-yourself system for the interior of the case. Layers of foam are pre-scored in 1,27 cm or 2,54 cm cubes. Simply lay your equipment on the foam, tape or chalk to mark the foam, and pluck away. Always allow at least 2,5 cm of foam between your equipment and the case wall.

The following cases ship with solid foam instead of Pick N Pluck™ Foam: 1700, 1720, 1750.

PADDED DIVIDERS

An alternative to Peli™ foam is our optional Padded Divider Sets. The compartments are connected with Velcro® so you can easily change the configuration according to your needs.

CASE	LAYERS	CASE WITH DIVIDERS (CAT. NO.)	DIVIDER SET ONLY (CAT. NO.)
1450	1	1454	1455
1500	1	1504*	1505*
1510	1	1514*	1515*
1520	1	1524	1525
1550	1	1554*	1555*
1560	1	1564*	1565*
1600	1	1604	1605
1610	1	1614	1615
1620	2	1624	1625
1630	2	1634	1635
1640	2	1644	1645
1650	1	1654*	1655*
1660	2	1664	1665
1690	2	1694	1695
0340	2	0344	0345
0350	2	0354	0355
0370	2	0374	0375

* These cases/sets come with new high-visibility yellow dividers. All others with standard black dividers.

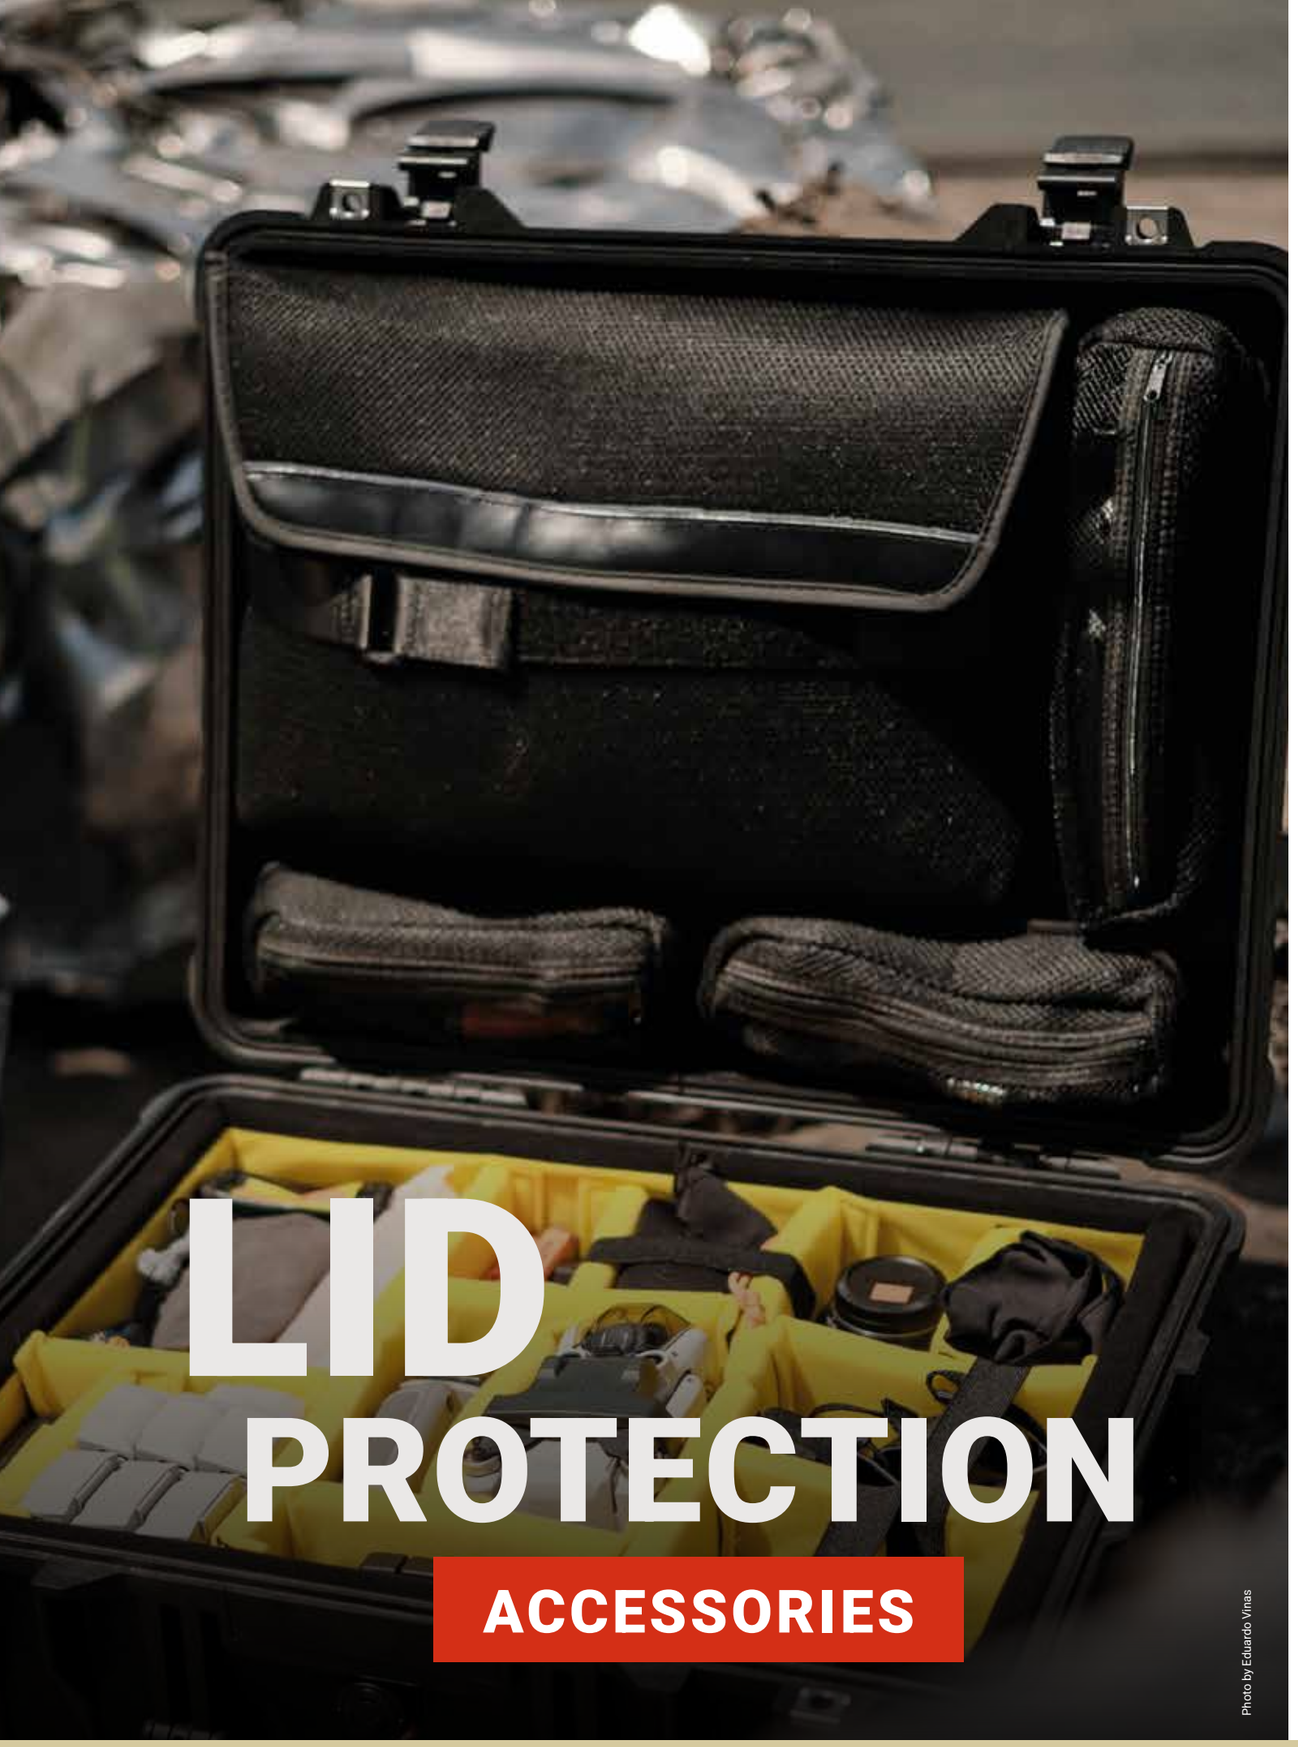

TREKPAK™ DIVIDERS*

The TrekPak™ system uses pre-installed wall sections, divider panels, locking pins and an infallible cutting tool. Just lay your gear in the case, measure and cut the divider sections and lock them in place with the steel U-pins.

Trekpak™ is available for select models.

GRIDPOINT PANEL KIT

Designed for seamless integration with Peli 1510, 1560, or 1650 Protector cases, it mounts directly using built-in bosses and adapts easily to other case setups. Each GridPoint Panel Kit includes clear-view ModPak Utility Pouches to keep equipment visible, organised, and ready to deploy.

EZ-CLICK™ MOLLE PANEL

The first lid organiser of its kind that can quickly be released and swapped out without tools. Engineered to fit in the 1510, 1560 and 1535 Peli cases, the panel is compatible with user-supplied MOLLE pouches and Velcrotm brand straps.

MODLIGHT PIVOT

ACCESSORIES

MODLIGHT PIVOT

The ultimate in-case lighting solution. A purpose-build, low-profile, and compact light designed for seamless, tool-free installation into a wide range of Peli cases*.

Built Compact. Built to Last.

Engineered with a low-profile footprint, ModLight Pivot stays out of your way while delivering the illumination you need. The compact design fits seamlessly into your Peli case without sacrificing valuable gear space.

SPECIAL APPLICATIONS

CUSTOM FOAM SOLUTIONS

Custom foam and extreme solutions such as deck mount suspension systems will keep your delicate items protected on the inside.

PANEL FRAMES

Many Peli cases can be adapted for use with electronic interface panels by using a Panel Frame. Pre-drilled holes and stainless steel screws make fabricating a custom case a fast and accurate proposition.

A polymer o-ring seals the panel so the base of the case remains watertight, even with the lid open.

The following cases are adaptable for use with panel frames: 1120, 1150, 1200, 1300, 1400, 1430, 1450, 1470, 1490, 1500, 1520, 1550 (search for the icon ▭)

- **O-ring**
- **Panel Frame**
- **Attachment Hardware**

See how to mount a panel frame here:

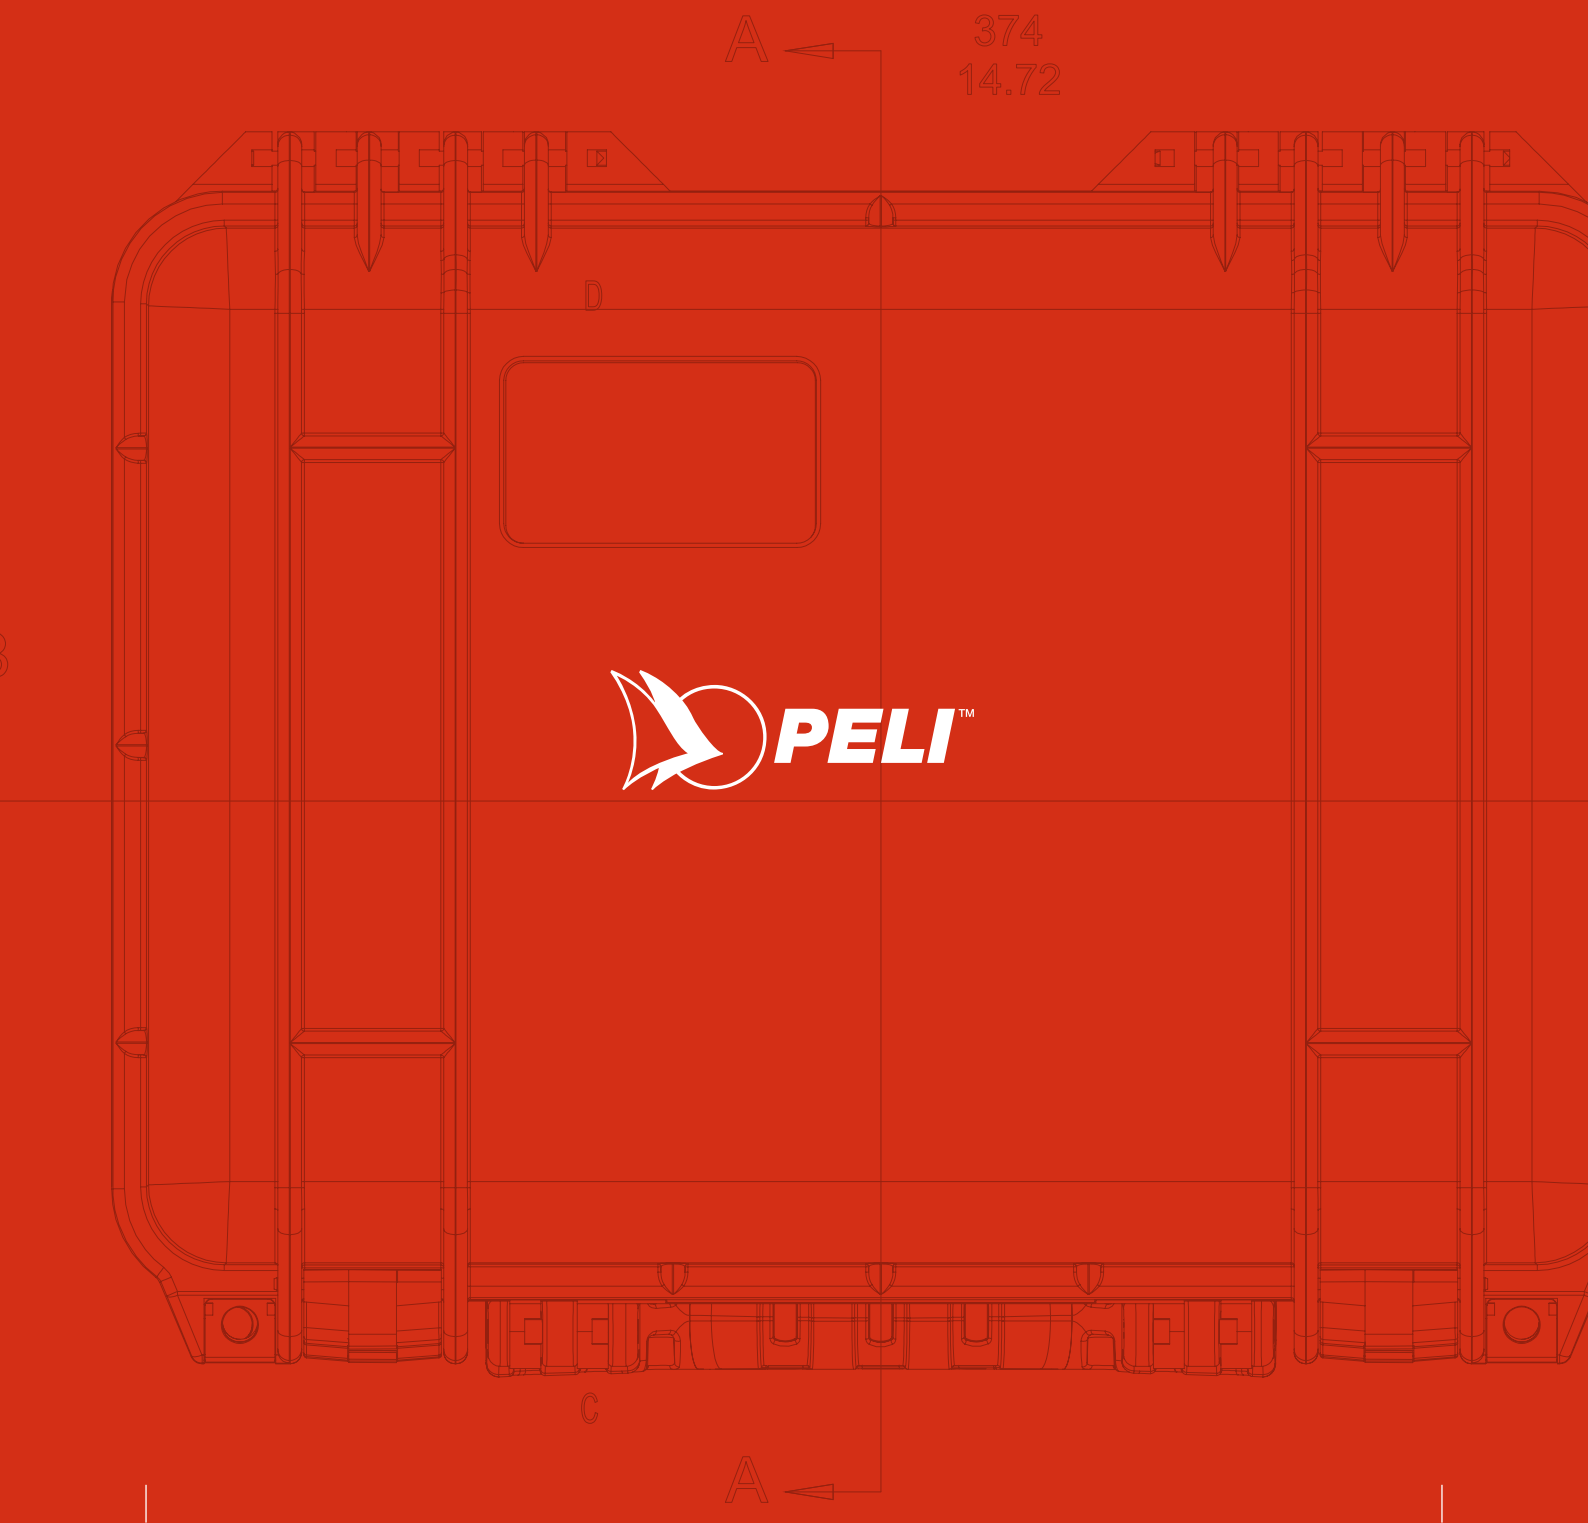

ELECTRONIC INSTALLATIONS

Peli Case allows customisation for electronics. The copolymer material can be machined, drilled and sanded smooth. This makes the Peli Case suitable for use with bulkhead connectors.

WE CUSTOMISE YOUR LOGO

Personalise your case with your company logo or have your name engraved on the nameplate. Logos can be applied in multiple colours as a Mylar® decal or as a vibrant fade-resistant, scratch-resistant hot-stamped ink.
